Application No. 10/579,692

Continuation of Substance of Interview including description of the general nature of what was discussed: The examiner contacted applicant's representative in order to request permission to make a supplemental examiner's amendment to each of applicant's independent claims to further clarify the main feature of novelty of applicant's invented amplifier and the magnetic resonance imaging system area in which the amplifier is used in order to verify the uniqueness of applicant's amplifier from other known prior art amplifiers. The examiner was given permission to make the examiner's amendment and was thanked for her time and assistance in moving the instant application forward towards allowance..
